

Similar Shapes

Find the missing lengths in these pairs of similar shapes.

(a)

$$(a) a = 4 \text{ cm}$$

(b)

$$(b) b = 8 \text{ mm}$$

$$(c) c = 25 \text{ cm}$$

$$d = 6 \text{ cm}$$

(c)

By drawing both shapes separately, find the missing lengths in these diagrams.

(d)

$$(d) SF = \frac{9}{6} = 1.5$$

$$e = 7 \text{ cm}$$

$$f = 4 \text{ cm}$$

(e)

$$(e) g = 13.5 \text{ cm}$$

$$h = 4 \text{ cm}$$

By drawing both shapes separately, find the missing lengths.

(f)

$$(f) j = 1.6 \text{ cm}$$

$$k = 6 \text{ cm}$$
