

Origami Heart

To make this heart you will need a 15 cm square of origami paper.

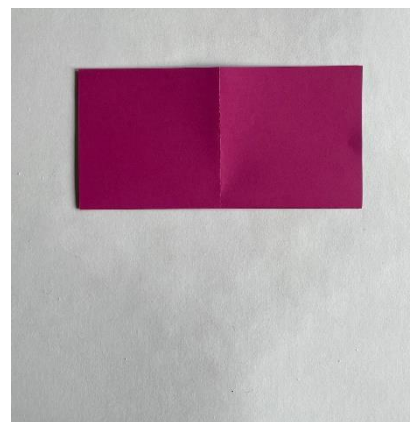

Step 1 – Fold the square in half horizontally.

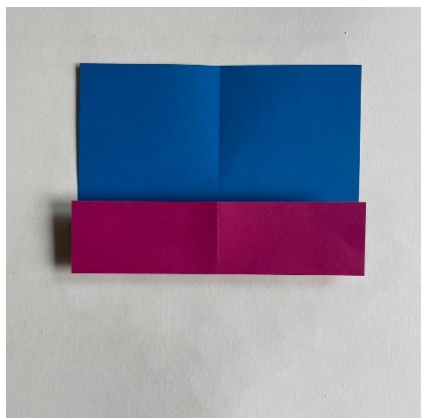

Step 2 – Open the paper back up.

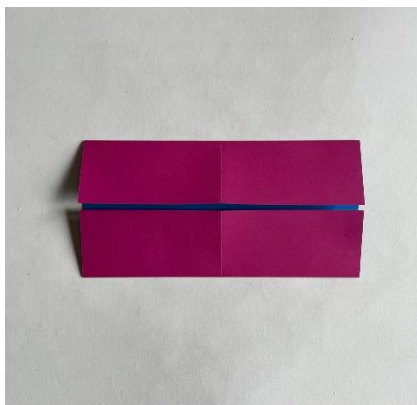

Step 3 – Rotate through 90° and fold the square in half horizontally.

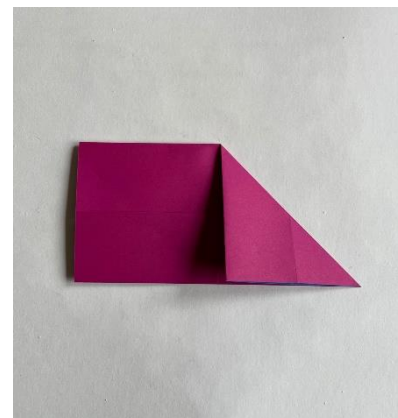

Step 4 – Open back up, then fold the bottom edge into the middle fold.

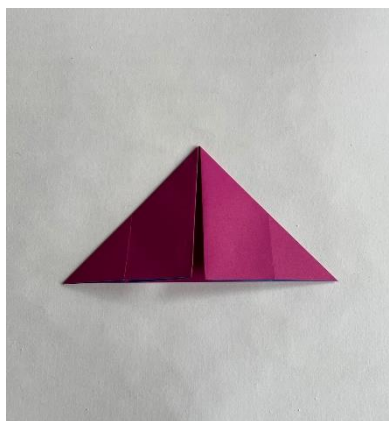

Step 5 – Fold the top edge down to meet the middle fold.

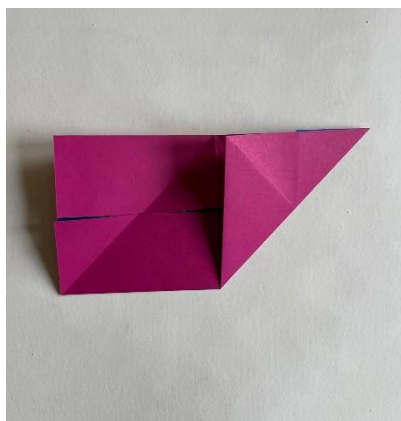

Step 6 – Fold the top right corner down to the middle of the bottom edge.

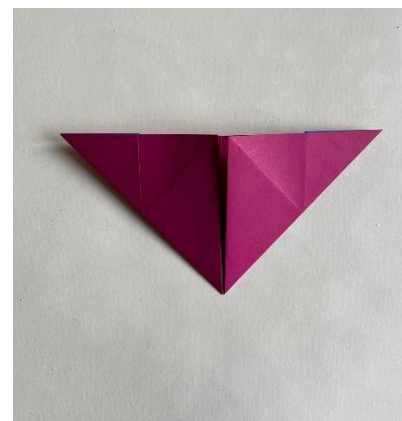

Step 7 – Repeat on the left-hand side.

Step 8 – Open back up, then fold the bottom right corner up to the middle of the top edge.

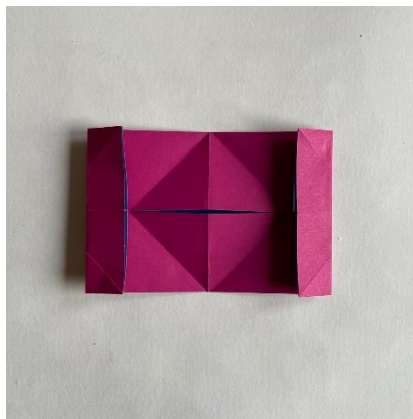

Step 9 – Repeat on the left-hand side.

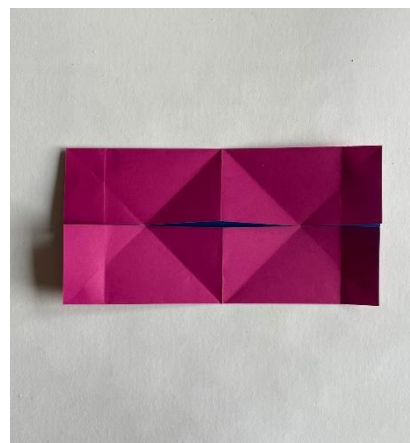

Step 10 – Open back out to show two cross-shaped folds.

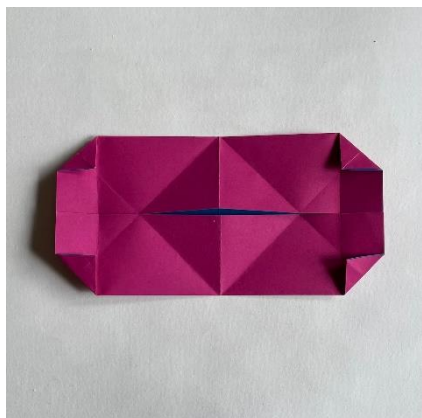

Step 11 – Fold the right-hand edge in to meet the centre of the cross folds. Repeat on the left-hand side.

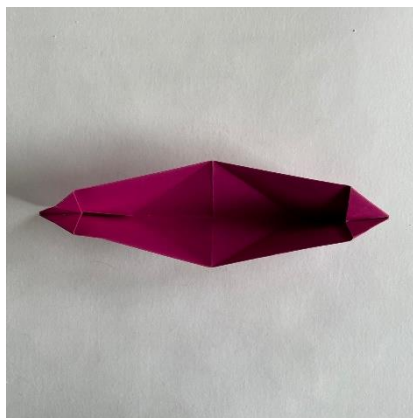

Step 12 – Open back out to reveal two vertical folds.

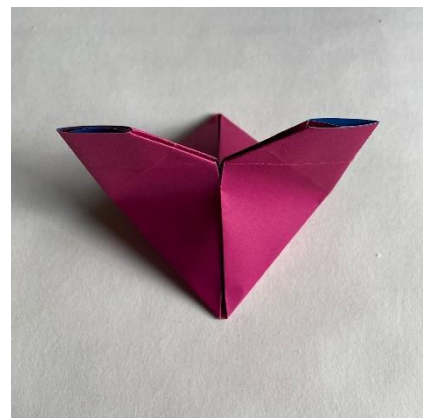

Step 13 – Fold in each corner to meet the left and right vertical folds.

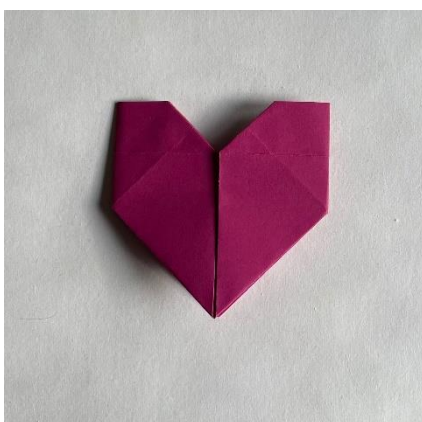

Step 14 – Fold in half horizontally and nip the left and right edges together.

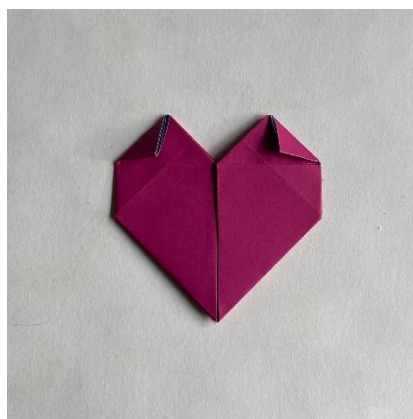

Step 15 – Push the left and right edges together to meet in the middle.

Step 16 – Push the two bottom points together and flatten.

Step 17 – Fold the top left and right corners down to meet the horizontal line. Open back up and tuck inside the heart.

Step 18 - You now have a lovely origami heart!
